### **DETAILED ACTION**

- (1). Applicants' Amendments and Remarks filed on 12/16/2008 have been received. Claims 2-12 are amended to include correct claim status. Claim 1 is cancelled. New claims 13-19 are added. Consequently, the rejections of claims 1-12 in prior Office Action dated 07/09/2008 are withdrawn.

### ***Specification***

- (2). The disclosure is objected to because of the following informalities: The limitations of instant claim 13 as is cited: posts fixed in and extending upward and downward from the pack **inward of the supports**. It is not literally supported in Specification.

Appropriate correction is required.

### ***Allowable Subject Matter***

- (3). **Claims 2-19** are allowed.

### ***Reasons for Allowance***

- (4). The following is an examiner's statement of reasons for allowance:

The structure of posts and its arrangements as is cited in instant claim 13: "posts fixed in and extending upward and downward from the pack inward of the supports and forming clear access passage above the supports between the posts" overcomes the closest prior arts: Wurz et al (US 5389127A) and Wolf et al (US 5749930A).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

This application is in condition for allowance except for the following formal matters:

Art Unit: 1797
